# JEEVAN REDDY RAGULA

**TECHNICAL ARCHITECT | PRINCIPAL SOFTWARE ENGINEER | CLOUD SECURITY**

Hyderabad, India | jeevanragula@gmail.com | +91 9701356833

jeevanragula.github.io

## PROFESSIONAL SUMMARY

Hands-on software engineer and cloud security architect with 19+ years of experience designing and building enterprise software, cloud-native platforms, and security products. Current work spans Data Security Posture Management (DSPM), AI Security, and Cloud Native Application Protection Platforms (CNAPP), including data discovery across thousands of AWS accounts and millions of cloud objects, as well as processing CloudTrail and real-time cloud activity streams. Strong background in Go (Golang), distributed systems, Kubernetes, event-driven pipelines, and analytics technologies including Apache Kafka, ClickHouse, and Spark-based processing.

## CORE TECHNICAL SKILLS

**Architecture:** Cloud-Native Systems, Distributed Systems, Microservices, Event-Driven Architecture, High Scalability & Resilience

**Cloud & Security:** AWS, Azure, GCP, Kubernetes, Docker, DSPM, CNAPP, Container Security, IaC Security Scanning, AI/LLM Security, PCI DSS, FedRAMP

**Programming & APIs:** Go (Golang), Java, Spring Boot, Python, JavaScript, AngularJS, Bash, REST APIs, gRPC

**Data Platforms:** Apache Kafka, ClickHouse, Apache Spark, Delta Lake, Apache Iceberg, PostgreSQL, Oracle, MySQL, MongoDB, Snowflake

**DevOps & Observability:** CI/CD, Infrastructure as Code (Terraform), Prometheus, Grafana, ELK Stack (Elasticsearch, Logstash, Kibana), ActiveMQ

## PATENTS

- **Infrastructure as Code (IaC) Scanner for Infrastructure Component Security —** U.S. Patent 12,598,208.
- **Cloud-Based Data Security Posture Management (DSPM) —** Publication No. US-20250202926-A1.

## CERTIFICATIONS

- **Certified Kubernetes Application Developer (CKAD) —** Linux Foundation
- **Kubernetes and Cloud Native Associate (KCNA) —** Linux Foundation
- **Kubernetes and Cloud Native Security Associate (KCSA) —** Linux Foundation
- **Oracle Cloud Infrastructure 2023 Certified Architect Associate —** Oracle
- **Oracle Cloud Infrastructure 2023 Certified DevOps Professional —** Oracle
- **Neo4j Certified Professional —** Neo4j
- **Introduction to Distributed SQL —** YugabyteDB
- **ClickHouse Architecture —** ClickHouse

## PROFESSIONAL EXPERIENCE

**Architect | Zscaler India Pvt. Ltd.**
Hyderabad, India | Aug 2021 – Present
Roles: Senior Staff Engineer (Aug 2021 – Mar 2022); Principal Software Engineer (Apr 2022 – Sep 2024); Architect (Oct 2024 – Present)

- Serve as a founding engineer and primary architect for the Data Security Posture Management (DSPM) platform, supporting discovery and classification across thousands of AWS accounts and millions of cloud objects.
- Work with CloudTrail and cloud-activity event data to support security visibility and analysis across cloud environments.
- Architected and engineered an Enterprise AI Security Platform to help protect enterprise LLM integrations, detect shadow AI usage, support compliance scoring, and address risks associated with AI prompts and malicious models.
- Designed cloud-native security capabilities spanning discovery across AWS, Azure, GCP, and SaaS, including data-loss-prevention controls, security posture monitoring, and policy enforcement.
- Developed distributed Go worker-pool crawling for cloud and SaaS data stores to support large-scale discovery.
- Worked with event pipelines and analytics technologies including Kafka, ClickHouse, and Spark-based processing, collaborating across engineering, security, and DevOps teams.

**Senior Staff Engineer | McAfee India Pvt. Ltd.**
Hyderabad, India | Aug 2019 – Aug 2021

- Built a scalable log-collection service using AWS S3, Elastic Beanstalk, and Kafka, with Auto Scaling groups supporting real-time collection workloads.
- Integrated Spring Boot microservices with Prometheus, Grafana, and Spring Boot Actuator for monitoring and observability.
- Enabled FIPS support for microservices as part of FedRAMP High certification efforts.
- Implemented retrieval of Cloud Connector configuration from AWS CodeCommit and enabled YAML configuration display in the UI.
- Developed customer notifications for Cloud Connector health and processing status.

**Lead Software Developer | IVY Software Development Services Pvt. Ltd.**
Hyderabad, India | Jul 2010 – Jul 2019

- Designed and built a PCI DSS-certified payment gateway for the GVC Group using Spring, Apache CXF, Tomcat, and Oracle.
- Integrated approximately 20 payment methods—including credit cards, wallets, and bank transfers—with providers such as Kalixa and Worldpay through REST and SOAP APIs.
- Redesigned the GVC Cashier UI, achieving a reported page-load time of 2 seconds.
- Migrated millions of payment transactions and instruments to a target platform using optimized Oracle PL/SQL scripts.
- Implemented centralized logging with the ELK stack and distributed caching with Apache Ignite and Terracotta EHCache.
- Built a Quick Deposit solution using Jersey REST APIs and AngularJS, enabling one-click deposits.
- Implemented asynchronous email and SMS alerts using ActiveMQ; addressed XSS issues and developed token-based authentication to help prevent CSRF attacks.

**Software Engineer | HP India Software Operations Pvt. Ltd.**
Bengaluru, India | Nov 2009 – Jul 2010

Developed backend and frontend features for Serviceguard Manager, a GUI for configuring, monitoring, and administering Serviceguard and related clustering solutions using Java and JavaScript.

**Application Developer | IBM India Pvt. Ltd.**
Bengaluru, India | Aug 2007 – Nov 2009

- Developed features for Daimler AG's Fuel Cell Data Acquisition System, securely transferring data-recorder output to local file servers and central data management.
- Implemented shell scripts for data transfer and developed Java, Struts, and DB2 features deployed on WebSphere Application Server.

## EDUCATION

- **Bachelor of Technology,** Jawaharlal Nehru Technological University, Hyderabad | 2003–2007 | 86%
- **Intermediate / Higher Secondary,** Board of Intermediate Education, Andhra Pradesh | 2001–2003 | 96%
- **Secondary School Certificate,** Board of Secondary Education, Andhra Pradesh | 2000–2001 | 89%
